

HEARTLAND

SUSTAINABLE

GUIDELINES FOR COMPOST USE

Please refer to these instructions for applying Heartland's Premium Compost.
We advise watering thoroughly after applying our compost.

LAWNS

LAWN ESTABLISHMENT

Depth: 1-2"

Compost to Soil Ratio: 1:3

Apply and then incorporate to depth of 6-8" using rotary tiller or similar equipment.

TOP-DRESSING

Top dress your lawn with 1/4" layer of compost in spring or fall (we recommend spring). For better results, core aerate your lawn prior to top-dressing.

TREES & SHRUBS

TREE AND SHRUB BACKFILLING

Compost to Soil Ratio: 1:3

Uniformly blend compost with soil, backfill and firm around root ball. Use 1:3 ratio for compost to soil.

FLOWER & VEGETABLE GARDENS

GARDEN ESTABLISHMENT

Depth: 1-2"

Compost to Soil Ratio: 1:3

Apply and then incorporate to depth of 6-8" using rotary tiller or similar equipment.

AGRICULTURE

FIELD APPLICATION

2-5 tons per acre (alfalfa field)
